③ 英文を読んで、次の各問いに答えなさい。

It is said that ^{*1}orcas, also called killer whales are the ①(strong) sea creatures and are on the top of the world's ^{*2}food chain. They usually live in sea area with a low water temperature. They eat animals such as fish, penguins, ^{*3}seals, whales and other animals with their sharp teeth. Also, ②they have high intelligence. They live in a family group. Each family has about 40 members. When they hunt, they make various kinds of sounds to communicate with their family members to catch ^{*4}prey. When they ^{*5}raise their children, all members of the family work together to care for ③them. I will tell you a story about orcas. ④I would (to / we / should / that / raise a problem / think / like) about.

In 2023, one short video was posted on SNS and spread quickly all over the world. In this video, a woman visitor was enjoying her summer on a boat a few miles away from a beach, then a child orca came near to the boat and cried at the woman. She realized ⑤immediately that the orca was asking for help, so she called the animal rescue team. After ⑥they arrived, the child orca started to swim ahead of them. Finally, they found an exhausted mother orca. She ⑦(be) floating on the sea. She couldn't seem to move because her tail was ^{*6}entangled in the rope. Some children supported their mother. ⑧She looked so weak. The rescue team took out scissors and cut the rope to help the mother orca. Fortunately, she was able to swim away by herself. Like in this story, a lot of sea creatures are hurt or ⑨(kill) by things which people made. It is even said that the ^{*7}weight of the ^{*8}waste in the sea will be larger than that of fish in 2050. We need to reduce it.

In fact, a lot of countries and regions are trying to solve ⑩this problem. In 2019, ^{*9}The Ministry of the Environment made a plan to deal with sea plastic waste. ⑪It includes activities to collect plastic waste from the land and the sea, and to develop materials which have little effect on the environment. For example, some shops offer paper straws instead of plastic straws. Other shops offer spoons or forks ⑫(make) of wood. Also, some people change some waste from the sea into art works. They are found on the beaches. More and more people and companies are ⑬(try) to work on this social problem.

They say, "If you throw it away, it is garbage. If you ^{*10}separate it, it becomes a resource." ⑭It (for / is / us / to separate / garbage / and recycle / important). Actually, the rate of recycling plastic in Japan is less than 30 percent today. We use plastic and throw away plastic waste every day. We have to reduce plastic waste in our daily lives to protect not ⑮() sea creatures but also all human beings.

⑯Now, what can you do for the environment?

^{*1}orcas シャチ

^{*2}food chain 食物連鎖

^{*3}seals アザラシ

^{*4}prey 獲物

^{*5}raise を育てる

^{*6}entangled からまった

^{*7}weight 重量

^{*8}waste ごみ
